OLDER ADULTS, CONSIDER JOINING THIS EVENT

Do you have a passion project that you would be willing to share with the younger generations? What cool thing do you do that people should really have a chance to see?

BEADING? WEAVING? MUSIC? CARVING?

The Wrinch Memorial Foundation is planning an Elder/Senior Sharing Fair at Hazelton Secondary School in early February 2027.

The Fair will be three hours long, from 1:00 to 4:00 to give everyone a chance come and have a look. You would receive a stipend of $300 to cover your transportation and any materials you need to buy to do your thing.

At the Fair, you will have a table to set out a display of your project in the High School Multi Purpose room. Ahead of time, we will provide you with one or more tri-fold poster boards to help set up your demonstration.

Think about what you can bring to this project. Let's all come together to celebrate the great creative and wonderful things that Older Adults in our community are doing.

Contact Charlotte at linfordcharlotte@gmail.com for more information or to talk about your passion project.

NOV 27

In 1895 Swedish inventor Alfred Nobel signed his last will and testament in Paris, setting aside most of his huge fortune to Nobel Prizes. Nobel, a very gifted, brilliant chemist, engineer, and inventor held 355 patents in his lifetime. Although known best for inventing dynamite, he wanted his wealth to recognize those whose achievements benefited humanity. His will had established these five awards recognizing outstanding contributions to physics, chemistry, medicine, literature, and peace. When he died in 1896, his decision surprised many of his relatives, who challenged his will. After years of legal complications, the first Nobel Prizes were finally awarded on December 10, 1901.

"Building The Future Of Girls Hockey"

Help us make hockey history for our girls!

We are bringing together young Indigenous girls from the Hazeltons and surrounding communities to compete as an all-girls team at the Prince George Aboriginal Youth Hockey Championship April 2 – 4, 2027.

Our mission is bigger than hockey. We want to build confidence, break down barriers, and inspire the next generation of female athletes.

We are seeking donations and sponsorship to help cover jerseys, tournament fees and travel expenses.

Every dollar makes a difference.

Support local girls. Support their dreams.

Fun Fact

Venus is longer than its year. It takes approximately 243 Earth days to complete one rotation on its axis, but only 225 Earth days to orbit the Sun. Compared to most other planets, it also rotates backwards, which means that the sun rises in the west and sets in the east. Its thick atmosphere traps so much heat that it is even hotter than Mercury.
