The **Al Halak family (from Syria)** are moving on to join other family in Langley. They have been here for nearly a year and thanks to our community have had a good introduction to Canadian life...all of them have progressed with their English skills, and coped well with school, dealt with a cold and snowy winter without complaint, learned our social ways, gone sledding, seen their first rodeo and have grown confident in their capabilities. Communication can be difficult when there are language barriers but know that every smile you gave, every 'hi' you uttered have helped them adjust and they are grateful.

So many gave in so many ways including but not limited to Pauline Mahoney who guided us with our application, health care providers including Wrinch hospital, medical and dental clinics, dentistry services from Dr. Kim (Houston) and Dr. Lester & staffs, Public Health, Smithers Community Services, Hazelton Secondary and New Hazelton Elementary schools and several private tutors, BVCU, City West, Country Herbs, Geraco, Red Apple and the thrift stores in Hazelton and Smithers; Jody Tetreau; Adele Herrigan for providing space for Mohammed to work and all of those who made sure they were included in activities.
