## BC Hydro power outage: Telkwa to Kitwanga

From now until the week of April 22, BC Hydro will be replacing, relocating, and strengthening the transmission line tower configuration crossing the Bulkley river located northwest of the community of Telkwa. River erosion has put a structure on the bank of the Bulkley river at risk of damage during the spring freshet.

We have worked diligently to ensure there will be as little disruption as possible. However, for the safety of crews and the public, **there will be a power outage on Sunday, April 21** from approximately 8 a.m. to 8 p.m. affecting Telkwa, Smithers, New Hazelton, and Hazelton and reaching as far west as the Highway 16 and Highway 37 junction at Kitwanga.

All impacted customers will be notified before the event via telephone auto-dialer, email, and postcards.

We apologize for the inconvenience this project may cause. However, we need to ensure the safety of the public and the crews involved as we conduct this work which will improve the long-term reliability of the electrical system for the region.

For more information, email us at [projects@bchydro.com](mailto:projects@bchydro.com).

Thank you for your patience and understanding.

### **INVITATION TO REVIEW AND PROVIDE COMMENT ON 2024-2034 WOODLOT LICENSE PLAN**

A Woodlot License Plan (WLP) for Woodlot 2114 has been prepared. As per Section 17 of the Woodlot License Planning and Practices Regulation the WLP is being made available for Public Review and Comment. Woodlot 2114 is held by Lars Hagen and is located in the Kispiox Valley. The woodlot is in two distinct areas, the northern portion is north of approximately 12km on the Kuldo FSR and the eastern section is tributary to the Blackstock Road which branches off the Kuldo FSR at approximately 11km. The Woodlot License Plan will be available for public viewing from March 29, 2024 to April 29, 2024 at the Hazelton District Public Library located at 4255 Government Street, Hazelton B.C.

The Woodlot License Plan provides strategies and performance requirements for forestry operations within the woodlot license area and for the protection of non-timber values and features.

Written comments must be submitted to Rico Jorimann, Westland Resources, 2803 Kenney Street, Terrace B.C., V8G 3E6 or [rjorimann@westlandresources.ca](mailto:rjorimann@westlandresources.ca). All comments will be reviewed and may be incorporated into the final approved plan. Comments must be submitted prior to April 29, 2024.

Honeybees are only one of 20,000 known species of bees.

Canada has 794,000 honeybee hives. There can be up to 50,000 honeybees in a hive that produce 60 pounds of honey in a year. There's one queen that can lay 1200 eggs a day, several drones, and many workers, who care for the eggs, feed the larvae, attend to the queen, build the comb, forage for and process nectar, and clean and guard the hive. Bees communicate with one another using chemicals called pheromones.

### **Public Notice Woodlot Licence 1499 2024-2034 Woodlot Licence Plan**

Notice is hereby given, pursuant to Section 17 of the Woodlot Planning and Practices Regulation, that the Woodlot Licence Plan (2024-2034) for Woodlot Licence 1449, held in the name of Double A Ventures Ltd., has been prepared. The Woodlot Licence Plan area covers three parcels of land. Parcel A is located approximately 1 and 5 km on the Tea Lake FSR, Parcel B is located approximately 6 and 9 km on the Canoe Creek FSR, and Parcel C is located on the Kitwanga-Hazelton Backroad approximately 10km east of Kitwanga, British Columbia. The Kitwanga-Hazelton Backroad forms the south boundary of the woodlot and the Centre Nash-Y FSR forms the west boundary.

The Woodlot Licence Plan will be available for public viewing and comment from March 26, 2024 to April 26th, 2024 at the Hazelton District Public Library in Hazelton, B.C. The plan may be viewed during regular library hours at your convenience.

The Woodlot License Plan is governed by the Woodlot Planning and Practices Regulation and provides strategies and performance requirements for managing various resources and conserving and protecting non-timber resource values and features within the Woodlot License Plan area.

Appointments may be made to review the plan or request a digital copy, and written comments may be mailed or emailed. Please contact Martha Cydzik at 905-758-6793 or email a request to [martha\\_cydzik@outlook.com](mailto:martha_cydzik@outlook.com).

In order to be incorporated into the final approved plan, all written comments must be received prior to April 26th, 2024.

### Fun Facts

Our planet supports  
over 8.7 million species.

When we break down the  
biomass—the amount of carbon an  
organism contains—of all the types of  
species, we find that arthropods like  
shrimp, crabs, lobsters, barnacles, sea  
spiders etc make up the greatest percent  
of the biomass. Fish are second. Humans  
are ranked eighth between livestock and  
nematodes (non-segmented worms). Wild  
birds make up the smallest amount of  
carbon weight in the animal kingdom.

## IN LOVING MEMORY OF *Marie R. Marshall*

Our family would like to thank everyone for their support through this tough time. We truly appreciate all the prayers, food, flowers, and company that we have received.

We would like to acknowledge and give thanks to all who donated to the Marie R. Marshall fund at Majagaleeh1 Gali Aks Elementary school. These funds will be used to make sure that no child will be left out of taking part in activities like book fairs, field trips or bake sales. Thank you so much for continuing Marie's giving spirit.

*Top Voted Making Agriculture Sustainable in the Hazeltons (MASH) Initiative  
Becomes a Reality*

## **New Hazelton Compost Site to open June 1, 2024**

MASH is leading a community initiative to collect food scraps and other organics (leaves, branches, hay) and turn them into high quality compost suitable for gardens and farmers fields. This is a pilot project that will run from June 1 to November 1, 2024. Our intention is to open the depot two days per week for dropping off materials, and to offer a collection service for approved workplaces. Based on the results of the pilot project, MASH will create a report on recommendations for next steps, hopefully a permanent composting depot.

The Pilot Composting Depot is a team effort with many dedicated contributors. So far we have developed and leased a centrally located composting site at the Old Chipper Yard off Churchill St near the Visitor Info Centre. Our next step will be to promote the collection and drop off program and recruit workplaces in the Hazeltons to contribute food scraps, food soiled paper and other acceptable organic material. The intent is to have a successful program with high capture and low contamination, a low odour rapid compost process, and helpful data and testing to ensure the resulting soil amendment is safe for growing food and leads to a long term program. MASH will have technical assistance and composting coaches available, and is also hosting Technical Composting Training for people wishing to be involved with project logistics on May 2 and 3.

Funding for this initiative to date has been provided by the **United Way's** Climate Resilient Communities Fund, the **Vancouver Foundation's** Recovery and Resiliency Fund, and the **Regional District of Kitimat-Stikine's** Community Works fund. This project was voted number 1 in a MASH community survey on priority food security initiatives conducted in August/September 2023 in partnership with students from **Coast Mountain Community College**.

Workplaces with significant amounts of food scraps (schools, the hospital, grocery stores, restaurants etc) can apply for food scraps collection pickup. Community partners and volunteers to help make this project a success are also welcome to get in touch.

For more information, contact Laurie Gallant, Executive Director for MASH at [mashazeltons@gmail.com](mailto:mashazeltons@gmail.com) or 778-210-MASH (6274). Regular updates are also provided through our Facebook page and website [www.mashazeltons.org](http://www.mashazeltons.org).

Hazelton is struggling with physician and nurse practitioner staffing, as is the rest of BC and Canada. We are working actively to recruit more talented and culturally safe providers. Thankfully, all Hazelton providers are staying in this community, though a few are decreasing the amount of time they will be working. We have changed the doctor partnerships to keep the most consistent coverage for the clinic and the emergency room. Some of the practices below will continue to have intermittent locum coverage from colleagues outside of the core Hazelton team.

The new partnerships will be:

Dr. Moran / Dr. Bergstra / Dr. Raina

Dr. Bergstra and Dr. Raina will both be doing less primary care work than previously, to be able to focus on other areas of care.

Dr. Raina will be off Apr - July, as she is doing additional training to support the surgical program.

Dr. Bergstra and Dr. Raina will both be working less than previously, and Dr. Moran will be supporting coverage for their patients and practices.

Dr. Kim / Dr. Easley

Dr. Easley will be working less frequently, and his patients can be seen by Dr. Kim.

Dr. Pichie / Dr. Hicks

Dr. Munro / Dr. Ngai

Dr. Wiens

Thank you for your patience while we continue to work hard to manage the care needs of our community.

## Kindergarten Gitksanimx Immersion September 2024

## Experiences

- Rich Culture with Song & Dance
- Storytelling of Many Legends
- Learning On the Land

## Goals

The principal goal is the development of all areas of Gitksan language skills, including spiritual connections to the Lax Yip, oral communication, reading and writing. Students will become as fluent as possible in Gitksanimx, expanding opportunities with local speakers of the language. Students will make strong connections between their classroom, family and community.

## What Your Child Will Learn

- Increase listening ability, memory, creativity, critical thinking, and therefore heighten thinking processes and strengthen learning.
- Students will have opportunities to listen to various forms of Gitksanimx oral communication and to understand simple ideas and general concepts expressed in Gitksanimx.
- Student will begin to read written materials in Gitksanimx, with growing proficiency; and begin to write in Gitksanimx using the Gitksanimx writing system - therefore expanding learning.

## The Future

With language immersion and acquisition, students will be able to grow in their knowledge and skills as they progress through the grades and strengthen their ties to family and the land. Traditional ways of knowing and being will be instilled and give students the opportunity to walk in both worlds, the Gitksan and the Western, bringing the riches of both cultures together so that they will become strong contributing members of society.

## Coast Mountains Board of Education School District 82

### Important Notations

- ⇒ Coast Mountains School District is accepting Expressions of Interest for the Kindergarten Gitksanimx Immersion Program for the 2024-2025 school year. The deadline for receiving Expressions of Interest is Wednesday, April 24, 2024.
- ⇒ Parents/Guardians will be informed of their Expression of Interest 'status' following the April 24 deadline. The level of interest received in the program will determine the decision whether the School District will offer the program in September 2024.
