In loving memory of

David Clifford Aspeslet ("Dave")

August 27, 1933 – October 18, 2024

With heavy hearts, we announce the passing of David Clifford Aspeslet, "Dave," on October 18, 2024, at the age of 91, surrounded by friends and family.

Born in Birch Hills, Saskatchewan, Dave was shaped by rugged landscapes and tough times. After arriving in Telkwa on a snowy night in 1947, he worked on the Chapman farm before becoming a miner, logger, farmer, and machinist—capable of running or fixing nearly any machine or piece of equipment.

In 1958, Dave married Bernice Lee, the love of his life, and together they built a family in the Kispiox Valley. His stories were legendary—whether chasing run away horses or daring to drive a Volkswagen Beetle up Thomlinson in the moon light—always told with a twinkle in his eye.

A devoted husband, father, grandfather, and great-grandfather, Dave's greatest joy was his garden and his family. He leaves behind a legacy of grit, hard work, and the love of a good book or puzzle.

Dave is survived by his children Marney Wookey and Cindie Aspeslet, grandchildren Wanda Belisle, David Wookey, Lori Tiljoe, Kale Bellingroth, and Justin Aspeslet, and great-grandchildren Brianna, Peyton, Odin, Abigail, Alec, Ryder, Urijah, and Nolan.

He will be dearly missed by all who knew him.

A Celebration of Life for Dave will be held on Sunday, November 10th, from 2-4 p.m. at the Kispiox Valley Community Hall. Please bring your stories to share.

The staff of the **Grace Lynn Centre** has been making sandwiches and buying fruit and granola bars for the 30 people who are OAT clients. This means the clients are receiving Opioid Agonist Therapy to help battle addiction. They see a Northern Health OAT nurse every day. About a year ago we were asked if we could provide a simple sandwich and a piece of fruit 4 days a week and fruit and granola bars for Fridays. The program started with 20 people and is now at 30 people. The food has been really helpful to the people experiencing addiction and we want to continue. We have received funding through the Wrinch Memorial Foundation and donations from Jocelyne McLean's comedy night proceeds, BVCU and RDKS, but this is still several thousand dollars short of what it takes to run this program for a year! We are looking for financial donations. We are looking for food donations of meat, cheese, mayonnaise, fruit and granola bars. We are getting some bread from the Skeena Bakery but could use more.

Thumbs down to allowing our Kispix Valley road to turn into PotHole City. Anyone planning on travelling should invest in a mouth guard & be prepared for vehicle repairs.

The grade 6/7 class at NHE has been busy the last few weeks! Nicole from the Northwest Animal Shelter came and talked to us about how to run a shelter that is built on volunteers and donations.

One interesting fact is that the shelter spends between \$60,000 and \$70,000 a year on vet bills for animals in care. 🙄

So, as part of our unit on global citizenship in social studies while working on building our core competencies, students have built donation cans, which are being placed around our community in an effort to raise some money for the shelter.

The students have done the beginning steps, and we want people to know that when they see these cans around town, it is the work of the grade 6/7 class fundraising for the animal shelter.

Thank you for your support.

Fun Facts

No hurricane (a rapidly rotating storm system with a low-pressure storm centre) has never crossed the equator. This is because the Coriolis force makes it spin and the Coriolis Effect gets weaker the nearer to the equator, so any hurricanes that form near there don't last long enough to cross. The energy required to even approach the equator is greater than the energy in the storm itself.
