This Week

March 22. On this day in 1893, the Montreal Amateur Athletic Association won the first Stanley Cup. Originally the Stanley Cup was the bowl that tops the current Cup. Since 1915 22 teams have won the Stanley Cup, the Montreal Canadiens the most at 24 Cups. Of the current 32 NHL teams, 10 have never won the Stanley Cup, the Vancouver Canucks the oldest of these 10 squads.

Fun Facts

Chlorophyll is the natural compound present in green plants that gives them their color. It helps plants to absorb energy from the sun as they undergo the process of photosynthesis. This nutrient is present in green vegetables and other plants like algae. The greener the vegetable is, the higher its chlorophyll content. Chemically, there's only one difference between chlorophyll and human blood: chlorophyll has a magnesium molecule in it and our blood contains an iron molecule.

I kept wondering why the ball was getting bigger & then it hit me.

Riddle

Last week's answers (we ran two riddles!): a secret and an egg. A man shaves several times a day, yet he still has a beard. Who is this man? Answer next issue.

- Write proposals, planning documents, complete reports, and prepare presentations for Local Working Group activities
- Maintain member distribution lists for various initiatives
- Distribute ROAM communications and information to the Local Working Group
- Maintain and track financial accounts, projections, and determine eligibility of reimbursement according to established ROAM policies and guidelines
- Keep track of financial claims including midwife and physician sessional time, and registered nurse participation and expenses
- Track and assist with quarterly invoicing for Health Authority wage reimbursement
- Send financial claims and invoices to the host organization for processing
- Track and keep records of community projects and outcomes
- Fulfill ROAM reporting and evaluation requirements, with support of the Clinical Lead(s) and Working Group
- Coordinate with other funding organizations and programs that support rural perinatal health enhancement
- Provide local connections and support for staff from RCCbc and the ROAM team when applicable
- Collaborate and communicate with the ROAM Network (RCCbc staff, clinical leads, other Local Network Coordinators, etc.) through meetings, email, and online communication platforms

Experience

- Proven ability and experience with project coordination
- Computer skills required (Word, Excel, Outlook, PowerPoint, Zoom, Teams)
- Demonstrated collaborative skills
- Demonstrated administrative skills
- Ability to work independently and take initiative with limited supervision
- Pro-active problem-solving abilities and ability to think and act independently
- Excellent interpersonal skills, advanced written and verbal communication
- Well-demonstrated ability to work with others as part of an interdisciplinary team
- Demonstrated knowledge of, interest in, and commitment to rural health services
- Experience working with health care providers and health authorities an asset
- Experience with financial processing and/or budgets
- Proven ability to write proposals, reports and prepare presentations

Qualifications

- University degree preferred

SWCC IS HIRING: Office and Systems Manager

ABOUT SWCC: we are a passionate, non-profit organization founded in 2004 by a diverse group of local yokels from the upper Skeena region of the Skeena River watershed in British Columbia, Canada. Our mission is "to cultivate a sustainable future from a sustainable environment rooted in our culture and a thriving wild salmon ecosystem in the Skeena watershed."

Through collaboration with Indigenous communities, local residents, and various stakeholders, SWCC strives to protect the Skeena Watershed's environmental, economic and cultural health for present and future generations.

SWCC has been recognized as one of the top ten innovative and effective leaders in Canada not once, but twice! We do this with environmental advocacy, community building events and projects that bring our watershed together and finally, we work on solutions to help maintain, restore or remediate cultural and ecosystem integrity. These solutions include community economic development projects, sustainable food systems and using nature-based solutions to deal with toxic legacies left behind by natural and manmade disasters/mismanagement.

The Job: SWCC is looking for an Office and Systems Manager to work in Hazelton to provide administration support for our fun and skilled group of raft guides, scientists, community partners and wonderful trouble makers. We are looking for a welcoming and organized person who can methodically maintain our office and admin systems.

Our culture is rooted in our love for place and care for each other. We have a lot of fun and things can get a bit silly around here, but we are dead serious about long term stewardship of the Skeena watershed and the work that we do.

Reporting to the Director of Program Execution, the Office and Systems Manager will be responsible for ensuring day-to-day integrity of SWCC's overall office functionality and administration. The ideal candidate will have 2-3+ years of administration, preferably as a receptionist, executive assistant or similar office management type capacity, as well as a desire to learn and help others in the team wherever necessary.

KEY Responsibilities:

- Provide receptionist functions by performing duties including, but not limited to, managing the day-to-day office logistics, handling and greeting visitors in a professional manner and processing telephone calls;
- Assist in sending and receiving mail, couriers and deliveries, including filing and distributing received files;
- Maintain e-records and information management, compensation methods, transportation, office supplies & maintenance, procurement, food services, risk management (ensuring we have WorkSafe, etc), and other office support services.

Quote of the Week

If you love someone, everything is negotiable. If you don't, everything is a door.
