October 8, 2026

Dear Hazelton community connections,

I am writing to provide you with an update on the CMTN sale of the Hazelton campus. With the Provincial election called on September 22, the sale process has been put on hold for the duration of the interregnum period. Once the new government is formed and Cabinet members sworn in, the sale process can continue. In the meantime, the college is ensuring that it has complied with all the steps required by the Ministry of Infrastructure.

Please note that the First Nations consultation process ran from July 24 to September 24. Ali McDougall (Director, Indigenization) and I met with Wilps Nikate'en on September 24. A meeting summary has been provided to the Ministry of Infrastructure for their records. We are now waiting to hear from the Ministry of Infrastructure what next steps we may be able to take while waiting for government to form.

While we had hoped for a December 2026 sale of the property, we are now looking at early 2027. In the meantime, the Hazelton campus will continue to have 24/7 security.

Please let me know if you have any questions, concerns, or comments. I will reach out again once I have more information.

With thanks,

Dr. Laurie Waye
CMTN President & CEO

Email: president@coastmountaincollege.ca

Thumbs up to our go to handyman, Bill, for your work at the Misty Rivers Gallery & Gift Shop.

A dog's breakfast - Originally used in British English since the late 19th century referring to a complete mess or chaotic situation. The term is compared to a dog's food dish that has a bunch of random leftovers and scraps but unsure as to why, as in most cases a dog usually consumes the same food for all of its meals.

Riddle Answer
A candle.

Thumbs up to the new book house at the Riverboat in Old Hazelton. Thanks to Graham Pole for the craftsmanship & to the Village for replacing the previous leaky house.

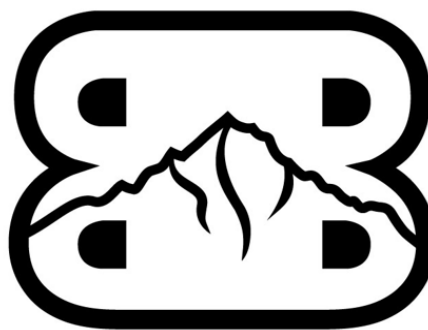

On This Day

In 1384, at the age of 9 or 10, Jadwiga (daughter of Louis the Great) was crowned Queen of Poland. Her coronation was unusual because medieval European monarchies were general ruled by men. Unfortunately she passed away at the age of 25 due to childbirth complications.

Fun Fact

Koalas fingerprints resemble human fingerprints so close that it can be difficult to tell apart, even under a telescope. Just like humans, they have unique patterns of loops, whorls & ridges but there fingerprints allow them to grip the branches while climbing trees and for gripping the branches.
